

How Can We Help?

We offer a fast and efficient service which means that we can supply staff to you in the shortest possible time, however if after fifteen minutes we are still working on a booking for you, we will call you and give you an update. We normally fill our bookings well before then.

We are open from 7am – 6pm Monday to Friday. Staff shortages can arise at any time often unexpectedly, so we have an out-of-hours service to reflect this . This means you can call us at the weekend (Saturday and Sunday 10am - 4pm) for a Teacher, Nursery Nurse or Teaching Assistant you need for the following week. This will take the stress out of those last minute bookings that appear on a Friday afternoon.

The telephone number for our out-of-hours service is easy to remember because it is the same as our main line number – 0208 473 6787.

One quick call means that even though it is out-of-hours, we are still working for you to find staff.
